TRANSMITTAL OF THE TRAILER 112B RECONNAISSANCE LEVEL CHARACTERIZATION REPORT - JLS-005-00

Provided for your approval is subject report for Trailer 112B. This Report characterizes the physical, chemical and radiological hazards associated with the Trailer, summarizes the characterization activities, defines the Data Quality Objectives developed for this characterization, and presents the data quality assessment, verification and validation or results. Based upon our results, hazards were not identified, and this Trailer is considered a Type 1 Facility. Due to its physical condition, this Trailer can be disposed of as sanitary waste. Upon your approval, please forward this report to the Colorado Department of Public Health and Environment (CDPHE) for concurrence.

During your review if you have questions, please contact me or Tom Scott, D&D Advanced Planning, extension 2093.
